Engine Type: Inboard

Engine/Fuel Type: diesel

Engine Hours: 711

Engine Power: 435|horsepower

Tanks

Fresh Water Tanks: 2106Gallons

Fuel Tanks: 2357Gallons

General Boat Description

Flagship of the range that reinvented the traditional trawler, when introduced the Swift Trawler 50 offers a greater amount of interior space and light.

For romantic or family getaways, it appeals to all numbers of crew for its intelligently-designed fittings and very easy handling.

Resulting from the collaboration of Bénéteau Powerboat, the architect Michel Joubert and the designer Pierre Frutschi, the Swift Trawler 50 boasts a contemporary silhouette emphasized by a very fluid flybridge line. Her hull is specially designed for IPS engines (2 IPS 600) and this long-distance cruiser combines outstanding stability and maneuverability. The high bulwarks surrounding the deck reinforce the safety of movements on board.
