General Boat Description

An evolution of one of our most-popular models, the S 388 elevates your angling and cruising prowess with its sleek profile, smart layout and powerful performance. The engineering and design quality run deep, for a difference you can feel—starting with the look and carrying all the way through the feature improvements. With an L.O.A. of 41'1" and standard triple Yamaha® 450 XTO engines, she'll turn heads before you even leave the slip. We've fine-tuned the experience for better views from the raised mezzanine—whether you're at the stylish and cushy helm seat or standing while running to keep out of the elements where handholds and bolsters for leaning add to the security and comfort of the ride.

Below deck, the intelligently designed galley boasts two drawer-style refrigerators/freezers, best-in-class cabin space and amazing water views from the center cabin. Increased storage capacity throughout means that whether you're out stalking your next big catch or spending quality family time at the sandbar, you'll have everything you need at your fingertips. It's Pursuit boating at its finest.
