General Boat Description

This 2025 Regal LX2 Ultimate is in stock now and ready to view. The Ultimate series includes Twin Garmin 943 screens, Power Tower and distinctive accented interior. It has steel gray hull sides with red boot stripe and is powered by the Yamaha 4.2L 200 SHO. Additional options include black travel storage cover, transom shower, water sport removable tow pylon and fender clips. It has a center walk through layout allowing to maximize seating, storage and usable space. It's fastrac stepped hull and sharp v entry make for a great riding boat for the Lowcountry South Carolina water ways.

Meet the luxurious Regal LX2, an outboard-powered bowrider that carries a signature look, spacious storage and meticulous craftsmanship through the LX series and into a 22' 7" package. How does it handle? Incredibly well, thanks to the FasTrac hull, optimized for outboard power. Is it versatile? Very. With multi-position seating, lowering PowerTower S2, and low-to-the-water swim platform, the Regal LX2 is a real game-changer.
