General Boat Description

This 2026 Regal LX6 Ultimate is on order and anticipated to arrive early December. It is powered by the upgraded Yamaha 350 V6 4.3L digital white engine. It has a steel grey hull with med blue boot stripe and custom Ultimate tan interior with med blue accents.

The LX6 Ultimate includes a bunch of standard features including custom interior, intelligent battery management system, digital switching, transom shower, trim tabs, bow thruster, premium package (bow rails and wireless charger), bow walk thru doors, stainless steel flag pole, stereo performance and lighting package, RGBW lighting throughout and dual Garmin 1243xs with B60 transducer.

Options include manual bow and cockpit sunshade system, black travel storage cover, docking lights, fender clips, half moon port light for head, rod holders, anchor windlass with rope and chain, water sport tow pylon, teak cockpit table, Power Hardtop with steel grey underside, battery charger, electric toilet with pump out fittings and Garmin companion screen.

The Regal LX6 will take you wherever you want to go—and do it all with elegance and style. This model combines hand-crafted upholstery, spacious storage and innovative features including a surprisingly roomy head for an optimized platform and an unrivaled ride.
