Engine Type: Outboard

Engine/Fuel Type: unleaded

Engine Hours: 146

Engine Power: 250horsepower

Tanks

Fresh Water Tanks: 142Gallons

Fuel Tanks: 279Gallons

General Boat Description

The **2024 Jeanneau NC 895 Series 2** represents a ground-up redesign of one of the most successful "weekender" powerboats in the world. While the Series 1 (originally launched around 2017) was a favorite for coastal cruising, the Series 2—introduced for the 2024 model year—upgrades almost every component, from the hull shape to the interior ergonomics.

Think of it as the "SUV of the sea": it's stout, functional, and surprisingly spacious for a boat under 30 feet.

Command the water in this masterfully appointed **NC895 S2**. Meticulously upgraded and protected for the ultimate cruising experience. Enjoy total peace of mind with **Yamaha coverage until September 2027** and a **hull warranty until 2034**.
