There are so many ways to describe the OS 325. With a 34\6" LOA powered by twin 300 or 350 Yamaha engines, it has been redesigned from the hull up, making it the definition of yacht-caliber luxury. She shines with intelligent space utilization, heavy on features that matter, like a single-piece, optically-clear front windshield, forward-facing bridge deck seating, more rod holders, a dive door and large transom walkway. Plus, the well-appointed, modern interior finishes and sleek exterior curves are completely new yet completely Pursuit all at once.

The centerline walkway allows guests to move with ease from zone to zone with minimal conversions and maximum enjoyment. Meals can be prepared in either the cabin or the cockpit entertainment center which features a grill and sink. Dual refrigerators provide cold storage in both areas.

Below deck, you'll instantly notice the class-leading open cabin space and storage, thanks to the streamlined galley. From the generous berth you can listen to the lapping waves and watch the moonlight stream in through the large hull-side windows. With the Pursuit OS 325, your time spent on the water will never be the same.
