General Boat Description

This 2027 Pursuit S328 Sport is powered by twin Yamaha Digital F350 V6 Offshore pearlescent white engines with integrated Digital Electric Steering (DES) and Helm Master EX Digital Electronic Controls (DEC). It has a fresh white hull, platinum boot stripe and sea salt interior.

The intentional focus paid to every meticulous detail on the revolutionized S 328 Sport is unmistakable. This ruggedly refined center console has a 34' 6" LOA. From the one-handed settee-to-berth conversion in the class-leading cabin to the improved helm ergonomics, each enhancement was crafted to feel like second-nature. We didn't overlook a single square inch in this overhaul. To start, on the top deck we have increased the storage to include an insulated transom cooler, in-floor gear storage and more drink and rod holders. Even the entertainment center has more storage with two new drawers. The improved wide-open layout and seating configuration make transitions from heart-pounding reeling to comfortable cruising incredibly easy. Upgrade options at the helm include additional teak accents, solid teak Edson steering wheel and leather dash pad, for the utmost luxury in captaining.

Below deck, you'll find the revolutionized cabin. Unheard of in this size and class, Pursuit has led the way in bringing you exactly what you want at a level that is incomparable. Space has been optimized to include a hidden head and comfy settee that converts to a roomy berth—and offers additional rod storage. It's functional versatility at its finest! Jump aboard the S 328 to cruise, dive, fish or overnight with the utmost ease and comfort. Once you've experienced Pursuit's unrelenting performance paired with its timeless styling and fine lines, you'll never look back.
